

# VIRTUAL VILLAGE SCAVENGER HUNT

Go on a scavenger hunt of Log Cabin Village from anywhere!

Find our Virtual Village on our website or Facebook page.

Then follow the clues to explore our Texas frontier!

Cabin #1: Find the two-story single-pen cabin. What do we call this cabin at the Village?

---

Draw the wagon parts you see in the woodworker's workshop.

What kind of tools do you recognize?

---

(If you see something you don't recognize, try to research it using Google!)

Extra Challenge: can you find the tiny rocking chair in this cabin?

Cabin #2: Find the one-room schoolhouse. What is the name of the schoolhouse at the Village?

---

What did students use to write their answers on in this school?

---

How many maps of Texas can you find in this school?

---

Draw the object a student would have worn if they got in trouble at school.

Extra Challenge: it looks like a student brought a gift for the teacher today! Can you find what it is?

---

Cabin #3: Find the double-pen dogtrot home. What is this log house called at the Village? \_\_\_\_\_

What kinds of foods are being cooked in the kitchen?

What kind of toys can you find in the living area?

Draw your favorite artifact in the living area. (An artifact is something made by a human being that helps us understand the past.)

Extra Challenge: can you find the pioneer family's "washing machine"? How is different from washing machines we use today?

Cabin #4: Find the single-pen cabin that has been used as a home, bunkhouse, and storage. What is this building called at the Village? \_\_\_\_\_

Draw the mill stones you can see outside of the cabin.

What is the miller getting ready to grind today?

What kind of items can you make using the different parts of an ear of corn? (Hint, you can find them in the Mill)

Extra challenge: Did you know some millers used water to power their mills? Learn more about how we still use water power today online!

Cabin #5: Find the single-pen cabin that was originally built near the Brazos River. What do we call cabin at the Village? \_\_\_\_\_

Our ancestors used something called a molcajete to grind corn and wheat. Where do you see the molcajete?

\_\_\_\_\_

Looking inside the cabin, where is the butter churn?

\_\_\_\_\_

Draw the different kinds of hats you can see in the cabin.

Extra challenge: there are two types of lanterns in this cabin. Can you find them both?

Cabin #6: Find the "I" house with square notching. What do we call cabin at the Village?

---

Draw a scene of what our ancestors may have done in parlor when guests visited.

What musical instruments can you find in the parlor?

---

What is material did our ancestors use to make the wreath in this room?

---

Extra challenge: The manikin in this room wears a dress typical of the Victorian era. Use the internet to see other types of clothes worn by our ancestors.

Cabin #7: Find the shop built on-site in the 1980s. What is this building at the Village?

---

A blacksmith would hammer metal while it was still hot. On what surface would the blacksmith hammer?

---

What items do you recognize in this shop?

---

---

Draw something in the shop that a blacksmith might make for a farmer.

Extra challenge: Learn more about blacksmiths by watching our Frontier 101 episode about blacksmithing called Forging Ahead. It's on our website and Youtube channel.

Now that you've explored the Virtual Village, what questions do you have? Write or video us your questions and our interpreters will get back to you with an answer soon! #AskAPioneer
